## Your Prime Extended Warranty is Simple.

HVAC repairs are expensive, but with a Prime Warranty Extended Service Plan you only pay the one-time fee for the plan with **NO DEDUCTIBLE** or hidden fees on repairs.

Professional, reliable service is only a phone call away. If a covered system or unit fails, the repairs are covered as a part of the extended warranty plan you purchase. Simply contact the dealer or contractor you purchased the equipment from to request a service call and we'll take care of the rest.

### Parts and/or Labor Coverage

Regardless of the term you choose, we'll pay for all covered repairs needed to keep your product in peak operating condition. And that means no surprises to your budget.

### Fully Insured

Prime Warranty Service Plans are underwritten by A-rated insurance carriers ensuring the highest degree of security and stability, which means even if your equipment provider closes or goes out of business, you're covered for the full term.

### No Hidden Fees or Deductibles

Pay the one-time plan fee and never have to pay deductibles or fees for the duration of your plan.
